

FORESTERS WILL HAVE COURT HERE

Owing to Large Amount of Business on Hand at Convention Organization Was Held Over.

SENTIMENT FAVORABLE IN CITY

Moline and East Moline Already Have Courts—450 Delegates Leave City After Meeting.

During the convention of the Illinois Foresters, the Catholic Order of Foresters, an attempt was made to organize a court in Rock Island as planned owing to the stress of business. However, one of the purposes in holding the convention in this city was to start a movement to organize

a court here. It is understood that in the near future a state organizer will be sent to Rock Island and court instituted.

The Catholic Order of Foresters was organized in Chicago 21 years ago and is one of the strongest fraternal orders in the state. The Illinois jurisdiction has the largest number of members of any state in the union. Moline and East Moline have courts and one can be organized here without much trouble. Prominent Catholics of Rock Island displayed much interest and signified their willingness to cooperate in the movement.

At the close of the 12th convention of the Foresters yesterday noon the counting of ballots cast for delegates to the national convention in Providence, R. I., in August was taken up. The election judges and clerk did not complete the work until 4 o'clock in the afternoon after which the candidates receiving the highest number of votes were pronounced duly elected. There were 122 candidates. Of this number half were made delegates and the remainder alternates.

The officials in charge of the state meet were more than pleased with the results obtained, and are of the opinion that the 12th convention was the most successful ever held.

The delegates and alternates' names are as follows:

Spencer School is and Christians Win

At the Augustana diamond last night the Spencer Memorial Sunday school defeated the Fifteenth avenue Christian church, in the twilight baseball series by a score of 2 to 1. Bloomberg and Bloom were the batteries for Spencer, and Levin and Sady were the batteries for the Fifteenth Avenue Christians.

At the Island City park the Memorial Christian team defeated the Central Presbyterian team 8 to 3. The batteries for the Memorial Christian were Burris and B. Edwards, and for the Central, Strupp and Murphy. These games were much freer from error than the two games played at the diamonds on Tuesday night. A good crowd of rooters witnessed them. The umpires at the Island City park were Jones and Spilger.

During the business session several changes in the constitution were made. New boards were created whereby the entire work of the state shall be better handled, especially in the case of missions, education and evangelism and the young people's societies.

One of the keenest discussions grew out of the remarks by Rev. R. L. Darden in discussing the temperance report, read by Dr. D. H. Harris, the ex-president. The report was as follows:

Slaughter in Europe Condemned at Meeting of Women—Take Up Prohibition Fight.

Resolutions endorsing the stand of President Wilson in the present controversy with Germany were passed at this morning's session of the colored Baptist convention of Illinois at the McKinley Baptist church. The resolutions were offered by E. H. Borden of East St. Louis, corresponding secretary, and a telegram was sent to the president immediately. The resolutions follow:

Whereas, President Wilson is using wise discretion in his diplomatic functions with Germany to bring about peace.

Be It Resolved, That the colored Baptist convention of Illinois place itself on record as endorsing the policy of the president and notify him at once of the same.

Condemns Slaughter.

"As a band of Christian women let us prove to the country in this session that we believe that peace ought to be heralded in all our gatherings, to condemn the slaughter of Europe's young men and to stop the insane desire for bloody war," said Mrs. Kate Cosby, as the 14th annual session of the Woman's convention of colored Baptists was called to order for the second day at the McKinley chapel yesterday afternoon. Devotional services were led by Mrs. D. J. Manion of Evanston and Mrs. F. E. Cook of Quincy.

Mrs. Cosby is presiding at the annual convention for the sixth time and a tribute was paid her by Mrs. S. Hazel. During the business session committees were appointed on finance, credentials and missions. A solo was rendered by Mrs. Lizzie Bell.

H. M. Craig of the local Y. M. C. A. gave an instructing address on "How to Enlist the Boys in Christian Work." A paper was also read by Mrs. Daisy Russell of Aurora on "Women in Missionary Activities."

At the men's meeting yesterday afternoon, Rev. A. Madison gave a strong talk on "Missionary Endeavors in Illinois." Following this a gospel sermon was preached by Rev. F. W. Penick of Mattoon.

submit the following as our report.

A few years ago temperance in a religious body meant the citation of scripture proofs in favor of total abstinence on the part of each and every person and an urgent insistence that pastors and other Christians be more zealous in their personal efforts toward total abstinence. Today temperance in a religious body includes all that may be inferred from the above but added to this it means a zealous, insistent propaganda toward political prohibition of the manufacture and sale of all intoxicating liquors and all narcotics, in the state, in the country and, now, in the world. Negro Baptists cannot afford to be found anywhere save in the front ranks among those who are engaged in this nerve racking and life sacrificing campaign. Thomas Jefferson wrote that people should take no stand without a decent regard for the opinions of mankind.

"We believe that the negro Baptists cannot afford to disregard the enlightenment and Christian opinion of those who are laboring to advance the cause of social betterment, vice commissions, anti-saloon forces and

leagues which seek to promote clean politics. Such people must not be permitted to bear their burdens without the assistance of the negro Baptists. If the above named forces fall in their work we must share with them the humiliation. If success crowns their efforts, we must enjoy the victory.

"If it required the exigencies of war to induce Russia to banish vodka, England to discourage intoxicants and Germany to question whether a drinking nation could be a fighting nation—may our country not be required to await such an exigency, but rather may religious forces of the country, negro Baptists included, rise in their might and declare that distilleries and breweries and dramshops shall for all time be banished from our country."

Respectfully submitted,
D. H. HARRIS, chairman,
J. M. HAGGARD, secretary,
MRS. EVA HOOPER.
